WANT

Leave it as it is

Low profile, bridging the gap

Added activities

Top end: FP6, FP7 and more

What is the value we want to create?

WANT

Leave it as it is: no option

Low profile, bridging the gap

Added activities

Top end: FP6, FP7 and more

What is the value we want to create?

WANT

Leave it as it is: no option

Low profile, bridging the gap: academic environment

Added activities: EGLC Road Show

Top end: FP6, FP7 and more

What is the value we want to create?

CAN

Low profile, bridging the gap: academic environment

-Teaching

collect and exchange data, report on subjects and results

connect students (for example Marratech)

Internet: from newsgroup to blog

CAN

Low profile, bridging the gap: academic environment

-Teaching

collect and exchange data, report on subjects and results

connect students (for example Marratech)

Internet: from newsgroup to blog

-Research

Exchange data on WIP and results

Use EGLC to initiate papers rather than making it a condition to let EGLC happen
